

**July 2023**

# **Public Dialogue on Climate Adaptation Annex B**

**Draft Final Report for Defra/Sciencewise**

Rachel Brisley, Michelle Mackie, Chloe Juliette and Kate Mesher; Ipsos  
Rachel Harcourt and Suraje Dessai; University of Leeds

# Expert Stakeholders and the Oversight Group

## Expert Presenters and stakeholders

The dialogue included significant in-puts from experts in the subject of climate adaptation and climate risks. Stakeholders were selected using networks existing from the Oversight Group. Due to the nature of workshops by necessity running simultaneously, expert presenters generally pre-recorded their presentations (see **Annex D**), and were then present on a revolving basis to answer questions participants had on technical details. The table below outlines the experts, their roles and organisations, and their point of contribution to the dialogue.

### Presenters and experts and the workshops they presented in or attended

Name	Role	Organisation	Point of contribution
Tom Handysides	Head of Climate Change Adaptation	DEFRA	Workshop 1
Elsbeth Hoskins	Senior Policy Adviser, Climate Adaptation	DEFRA	Workshop 1
Megan Bickle	Climate Adaptation Research Manager	DEFRA	Workshop 1
Dr Mark McCarthy	Science manager of the National Climate Information Centre	Met Office	Workshop 2

# Our standards and accreditations

Ipsos' standards and accreditations provide our clients with the peace of mind that they can always depend on us to deliver reliable, sustainable findings. Our focus on quality and continuous improvement means we have embedded a "right first time" approach throughout our organisation.

## ISO 20252

This is the international market research specific standard that supersedes BS 7911/MRQSA and incorporates IQCS (Interviewer Quality Control Scheme). It covers the five stages of a Market Research project. Ipsos was the first company in the world to gain this accreditation.

## Market Research Society (MRS) Company Partnership

By being an MRS Company Partner, Ipsos endorses and supports the core MRS brand values of professionalism, research excellence and business effectiveness, and commits to comply with the MRS Code of Conduct throughout the organisation. We were the first company to sign up to the requirements and self-regulation of the MRS Code. More than 350 companies have followed our lead.

## ISO 9001

This is the international general company standard with a focus on continual improvement through quality management systems. In 1994, we became one of the early adopters of the ISO 9001 business standard.

## ISO 27001

This is the international standard for information security, designed to ensure the selection of adequate and proportionate security controls. Ipsos was the first research company in the UK to be awarded this in August 2008.

## The UK General Data Protection Regulation (GDPR) and the UK Data Protection Act (DPA) 2018

Ipsos is required to comply with the UK GDPR and the UK DPA. It covers the processing of personal data and the protection of privacy.

## HMG Cyber Essentials

This is a government-backed scheme and a key deliverable of the UK's National Cyber Security Programme. Ipsos was assessment-validated for Cyber Essentials certification in 2016. Cyber Essentials defines a set of controls which, when properly implemented, provide organisations with basic protection from the most prevalent forms of threat coming from the internet.

## Fair Data

Ipsos is signed up as a "Fair Data" company, agreeing to adhere to 10 core principles. The principles support and complement other standards such as ISOs, and the requirements of Data Protection legislation.

## About Ipsos Public Affairs

Ipsos Public Affairs works closely with national governments, local public services and the not-for-profit sector. Its c.200 research staff focus on public service and policy issues. Each has expertise in a particular part of the public sector, ensuring we have a detailed understanding of specific sectors and policy challenges. Combined with our methods and communications expertise, this helps ensure that our research makes a difference for decision makers and communities.
